

Celebrating 40 years!

SCAHRM
1980 - 2020

2020 Election - Candidate Information

Sherri Horowitz

**VP Business Development and
Relationship Management**

Board of Directors: Board Member at Large

For several decades I have enjoyed a healthcare career in Risk Management, Patient Safety and Quality and Infection Control software within several Fortune 100 companies including Marsh & McLennan, McKesson and Xerox.

My volunteer service includes years of serving on the SCAHRM board as an ambassador orienting new members, and the educational and nomination committees. I currently serve on the board of Healthcare Executives, hold the leadership position of Area Director for Toastmasters International and enjoy membership at HFMA and CSHRM. Simplifying healthcare is a passion.

My diversity offers capacity and breadth for SCAHRM.

I am looking forward to working with you to help grow our educational offerings for all. Thank you for your vote!

Objectives: Passionate. Motivated. Invested. Determined to ensure we continue as a prestigious organization by offering the website digital educational platform, tidbits of information, and quick reads about current issues. Offer timely and relevant informational items which encourages additional members to join in and share their knowledge basis.

My goals are

1. Continue to build the enhanced and vibrant SCAHRM website that includes additional links and webinars for educational components for hospital, legal and brokerage firms.
2. Promote additional resources to members.
3. Create a blog to continue sharing the SCAHRM philosophy and educational feedback.
